Car Parking Information on IADT Campus 2018-19

Parking on campus is on a Pay-and-Display basis.

However, Registered Students may park for *free* in designated car parks while displaying a valid IADT parking permit. You can apply for 2018/19 permits online at http://www.ncps.ie/customer-services and select IADT.

Please follow the instructions given in the confirmation e-mail from NCPS. Print the email notification and display it in your front windscreen while waiting for your permit.

Collection of Permits
A representative of NCPS will be present on site to distribute permits during Induction. Thereafter, permits will be posted to the student at the home address supplied on the web application.

Parking Regulations
Students should familiarise themselves with the details of the Car Parks and where they can park while displaying an IADT permit. Please pay attention to all notices displayed.

Please remember that there are fewer spaces available than there are car users. If no spaces are available, please do not park in the Church grounds, Blackrock Education Centre or METNS. If you park in any of the local housing estates, please do not block emergency access or our neighbours' driveways.

Car parking is managed by Nationwide Controlled Parking Systems Ltd (NCPS)
All queries regarding clamping etc. should be directed to them at 0818 555 000. IADT will not intervene with NCPS with respect to clamped cars.

Please note that details that you submit to either IADT and/or NCPS in respect of your vehicle are shared between IADT and NCPS in strict compliance with the Data Protections Acts and GDPR Regulations. See http://www.iadt.ie/about/your-rights-entitlements/gdpr for more information.

Parking Regulations are available at www.iadt.ie/about/campus-info/campus-parking and are displayed on notice boards in the Atrium and Carriglea Buildings.
