

If you are unwell on campus you must :

- Leave campus immediately
- Drive, walk, cycle home, if fit to do so
- Phone Student Health Centre for advice on 01 2394760 immediately
- You may be directed to the Isolation Room while you await transport home

A Covid-19 PCR Test will be arranged via Student Health or self-referral via HSE

<https://covid19test.healthservice.ie/hse-self-referral/>

Who should I tell that I am unwell or I am COVID positive :

- Tell your Programme Chair / Head of Department via email
- Do not present in person to Staff Offices
- Ensure Student Health Centre are informed also by phoning 01 239 4760

What do I do if I get notification that I am a close contact, while attending on campus?

- You will need to remove yourself from the college
- You will need to self-isolate and restrict your movements until a GP or HSE health care worker speaks with you
- Avoid public transport (if at all possible)
- Phone college Nurse on 01 239 4769 - you will be helped to arrange testing, transportation etc.

I am fully or partially vaccinated and have symptoms of COVID-19

- Those with symptoms will need to be tested and must self-isolate while waiting for the test and the result
- Other people in your household who are not fully vaccinated against COVID-19 will need to restrict their movements (stay at home)
- To get a free COVID-19 PCR test you can book a test on line <https://covid19test.healthservice.ie/hse-self-referral/>
- Alternatively, phone your own GP or contact IADT Student Health centre 01 239 4760

What do I need to do to protect myself and others from COVID-19?

Vaccination: avail of the COVID-19 vaccination programme. Phone Student Health for further information 01 239 4760

Mask: Wear a mask while indoors and only remove it when it is safe or appropriate to do so, e.g. in canteen

Sanitise: Clean your hands regularly by washing them with soap and water and using hand sanitising stations on campus

Record your daily contacts: Make a note of when and where you attend a learning activity on campus and those spending time in your company

Care: Be vigilant and careful in your social activities. Abide by the prevailing public health guidelines and where possible use outdoor spaces for social interactions
